Bread - Is it part of your future?

This program will speak of the ongoing neo-artisan bread revolution sweeping America and all the added questions about gluten and eating healthy bread. Yes, bread can be very healthy if you learn a few basic things about bread to separate the good from the bad. Rafael Morillo of MKT Eatery, a technical baker of over 40 years, will share his knowledge, clear up mysteries, help you appreciate a few samples and answer questions. You will also have an opportunity to taste fresh samples during the presentation. If you are a bread lover but afraid to eat too much, come and listen to Rafael and his slices of wisdom.

Sherlock Holmes and the Speckled Band Portrayed by Neill Hartley

Neill Hartley's Sherlock Holmes is the 2nd most Google'd image of the fascinating detective and is in more than 16,000 German math textbooks: evidence that Sir Arthur Conan Doyle's master detective continues to appeal to audiences around the world, especially as portrayed by Neill Hartley. The Adventure of the Speckled Band was one of 56 short Sherlock Holmes stories and was the author's favorite tale because of its intriguing characters, especially the marvelous villain.

The Bobby Darin Story: Beyond the Song

Although Bobby Darin has been gone for almost 40 years, his ongoing ageless talent has withstood the test of time. This charismatic, multi-talented entertainer had an amazing range with Rock, Smooth Jazz, Rhythm & Blues, Country and Folk music. He learned to dance, play drums, guitar, piano, vibes, and harmonica. Sammy Davis Jr., another multi-talented performer, was quoted as saying "Bobby Darin was the only person I never wanted to follow" after seeing him perform.

Stafford Township Mayor Gregory "Greg" Myhre and Twp. Administrator, Matthew "Matt" von der Hayden

Many projects have taken place in the Township during the first 6 months of the new year. Some are carryovers from 2022 - such as dredging, sewer replacement, road widening and resurfacing. New in 2023 is the redesign of the Bay Avenue "downtown" location and others. As we get closer to the meeting there will probably be even more to discuss. Please attend to learn and ask questions regarding what lies ahead for the Township you live in.
