# Supplies:

Scissors

Glue

# Instructions:

1. Cut out all pieces of the daisy.
2. White flowers: fold on the dotted score lines making sure the print side is in the back.
3. Glue 3 white flower sections, stacking one on top of the other. Allow to dry.
4. Yellow center: curl the edges of the petals inward.
5. Glue the yellow flower centers together with the largest section on the bottom and smallest at the top. Allow to dry.
6. Glue the yellow center to white flower petals.
7. Glue the leaves to the green base. Allow to dry.
8. Glue the base with leaves to the bottom of the finished flower.
